The vouchers contained in the above-mentioned abstract were reviewed by the Town Board and are authorized for payment in the amount totaling $366,921.14.

*All in favor; none opposed- Motion carried.

Department Reports
Assessor's Report—Teresa Grady, Assessor Aide

- No report provided.

Bookkeeping Report

- Financial Reports received by the board members.

Court Report- Carrie Wood, Justice

- No report provided.

Clerk Report– Candace Iszard

- The Clerk Report was presented to the board. Laserfiche, the record retention software that we obtained with the LGMIRF Grant, will host training at Yates County on January 14th. The Townhall will be closing early for the staff to attend.

Code Enforcement Report—Brian Shriver

- The Code Enforcement Report was presented to the board. The Yates County grant for Wastewater systems has been exhausted, and there is now a waiting list.

Highway Report– Ralph Warren

- Ralph continues to work on tree removal services. The goal is to obtain a fixed contract price for 2025, either by the day or per tree. George Lawson asks how Yates County handles tree removal and if we can utilize the county services as a shared service. Ralph will investigate this option.
- Replacing the next 10-wheeler, Ralph discussed that the original conversation regarding electric truck mandate, it was thought that due to the nature of the highway use being emergency services, we would be able to order a diesel, with a waiver, however the new regulations from the state will require that we submit a letter to the NYS Department of Transportation and Truck Manufacture. Ralph and George will work to get this letter submitted, so we will maintain our position for estimated truck purchase in 2026.
- Tree removal, Ralph questions the existing procurement policy, and if the removal of trees is deemed as an emergency. George states that the Town does not remove trees, unless they pose a hazard, therefore tree removal would be an emergency service.

Draft

- Highway Barn heaters that were replaced last year; There is a flaw in the design, that is resulting in the separation at the clamps during the heating and cooling process. These clamps are designed to hold the sections together. CB Butler has been back to work on this issue.

Supervisor Report– George Lawson

- The **Salt Barn-** paperwork has been submitted for reimbursement. Final inspection is complete.
- **Junkyard Law-** George has reached out to the Town Attorney, regarding how to proceed using the new Junkyard Law to require parcel cleanup of abandoned vehicles. George suggests that when a property is sited for non-compliance, the Town could provide a packet including the local law, highlighting the criteria of junk, and a list of vendors who can/will remove "junk" to help the owner bring there property into compliance. He states, "instead of getting into fines, lets work with the people to offer solutions for the changes we want." Julie Dunkelberger suggests a town wide cleanup day, where some of the problem items can be brought to lessen the financial burden on the property owner that may not have lots of items, but this could help to prevent the buildup over time.
- **Sean Socha**- The appeal case is due in court on February 26, 2025. To prevent a massive gathering in the court room, Goerge states that it will be lived streamed. He will provide the link for those who are interested in watching.

Brush Pile- George Lawson

- The Board discussed ideas on what we can do with Starkey's brush pile, George states that in Barrington, contactors are not permitted to dump brush unless it has been previously chipped off site. There was a discussion on how we can manage this, and we will work on installing a gate to control dumping.

Flood Plain

- Brian with the help of George and Amy Fleet have been working on the FEMA Flood Plain changes. Next month we will be discussing the Local Law for the Flood Plains.

Pro-Housing Community

- Brian discussed that the Pro-Housing application has been completed. Due to the minimum amount of growth, the Town will need to pass a resolution to proceed (the sample was presented for review and will be discussed next month). George Lawson stated that he feels that the Town is not currently prohibiting multifamily housing. Terri Grady states that NYS has tax exemptions for multifamily dwelling and is encouraging them.

Budget Amendments and Transfers

On a motion by Julie Dunkelberger, seconded by Jeremy Hall, the following resolution was
ADOPTED Ayes 4 George Lawson, Jeremy Hall, Caryl Sutterby, Julie Dunkelberger
Nays 0
